

## EARLY PLAY-OFF OF TIE PLANNED

Spaulding and Burlington  
High to Clash for the  
Championship

EACH WON LAST NIGHT,  
GIVING 8 VICTORIES

The Deciding Game Will Be  
Played on Some Neu-  
tral Floor

The Vermont interscholastic basketball league schedule was concluded last night and Spaulding high school of Barre and Burlington high school are tied for the championship, each team winning its game last night and bringing its victories up to eight, with two defeats during the season. Spaulding high defeated Waterbury high at Waterbury by the score of 21 to 10, and Burlington high defeated St. Albans high at Burlington, 49 to 10. At the same time Peoples academy was smothering Montpelier high at Morrisville by the score of 18 to 17.

The league championship tie between Spaulding and Burlington high, and arrangements are being started for negotiations for the deciding game. It is planned to play the game as soon as possible and on some neutral floor.

The Spaulding game at Waterbury last evening was an interesting and hard-fought contest, although the Waterbury team was weakened in the last part of the game when Clariel, their speedy forward, received an injury, which handicapped him in shooting for baskets during the remainder of the playing.

The game started out with Clariel shooting a basket from a foul, but Mann soon tied the score by tossing a basket from a foul. During the remainder of the period the score saw-sawed from one side to the other, although the Spaulding team forged into the lead in the last few minutes, the period ending with the score 11 to 3 in their favor. During the second period the Waterbury team clearly showed handicap by Clariel's injury and the Barre quintet continued to increase their lead, the game ending with the score of 10 to 1.

For the winners, Geals played a good floor game as well as being the high scorer of the game, he caging six baskets from the floor, while Lyon caged two and Mann one. For the losers, Clariel was easily the star, he securing all the points for the Waterbury team in the first period and shooting three baskets from the fouls in the second, Luce being the only other player to score.

The lineup was as follows:

Spaulding: Mann, f.; Donovan, g.; Flynn, g.; Geals, c.; Luce, f.; O'Brien, f.; Carpenter, f.; Clariel, f.

Score—Spaulding 21, Waterbury 10; referee, Egan; timer, Alexander; scorer, Grout; baskets from the floor, 10.

LOOK AT CHILD'S  
TONGUE IF SICK,  
CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When nervous, cross, listless, pale, doesn't sleep, doesn't eat, or act natural, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask for "California Syrup of Figs" Company. Refuse any other kind with contempt.—Adv.

CUTICURA HEALS  
ITCHING PIMPLES

All Over Face and Arms. Face  
Was Disfigured. Trouble  
Lasted Six Months.

"When working I had to use oil, and it got into my flesh all over my face and arms. After a while pimples came and caused a lot of itching. The pimples were large, hard, and dark red. They itched every minute causing me to scratch. Every part of my face was disfigured."

"This trouble lasted six months when I saw a Cuticura advertisement, and I made up my mind to try them. After three weeks I was completely healed." (Signed) Joseph Pello, 218 Wall St., New Haven, Conn., August 25, 1917.

Why not prevent these distressing troubles by making Cuticura your everyday toilet and nursery soap aided by touches of Ointment as needed?

## HALF SICK, HALF WELL

A Condition That Will Not Improve Upon Itself

In the spring the depressing condition that many call spring fever often runs through families and neighborhoods. This indefinite, hard-to-describe state of poor health probably means that you are thin-blooded and anemic. Exhausted thin blood gets thinner, low vitality falls lower, poor appetite becomes poorer. Then the thoroughly exhausted system can no longer resist, and on comes the prostrating illness or serious disease.

Treat the half-sick, spring-tired condition with that splendid course of medicine—Hood's Sarsaparilla, to fortify the whole body; Pepton, to ironize and make rich, red blood; Hood's Pills to rouse the liver to its regular daily duties—and the half-sick revives to perfect health. Each medicine is valuable in itself, but is trebly so when used in this combination.—Adv.

S. H. S. 2DS LOST AT BETHEL.

Whitcomb High Got Its Scoring Machine Working in Second Half.

Bethel, March 16.—In what may prove its final game of the season, the Whitcomb high school basketball team showed up strongly last evening in the second and third periods of a game with the Spaulding high school second team from Barre. The boys did not get into form in the first period, in which the visitors led, 6 to 3, but after that it was mostly Whitcomb. The local five, who have played so many games together, looked very good to the audience, which knew that next year's team, if one there be, will be a different group almost wholly. The visitors made some good plays and gave the impression of having stuff in them for later development.

Whitcomb: Spaulding, Newton, f.; McCarthy, John Wilson, f.; Eastman, Regan, c.; Chaplin, James Wilson, g.; Murphy, Barrows, f.; Avey, Score, Whitcomb high school 46, Spaulding high school 23; baskets from the floor, Regan 2, Newton 6, Chaplin 5, John Wilson 4, McCarthy 4, James Wilson 2, Barrows 2, Eastman 2; from fouls, Regan 4, Chaplin; referee, Putnam; timer, Williamson; scorer, Ralph.

The Lebanon, N. H., girls defeated Whitcomb girls 2 to 0 in the lowest scoring game ever seen here. For the visitors, Miss Cantlin, Faneuf, Murphy, Vandrei, Morse and Sargent were the players and for the local team, Misses Ceresa, A. Keleher, Hovey, Parsons and Marshall. Miss Faneuf, who played right forward for Lebanon, shot the only basket in two periods of play.

## WORKMEN IN AUSTRIAN RAILWAY SHOPS STRIKE

Refuse to Obey Order of the Military to Return—Disaffection Spreading.

Copenhagen, March 16.—The men in the workshops of the Austrian railways have struck and refused to obey the orders of the military to return to work, the Berlin Lokal Anzeiger states. The strike, it is added, is spreading to other factories.

## CASUALTIES BI-MONTHLY.

And with the Addresses of the Persons, Now Considered Possible.

Washington, D. C., March 16.—The American casualty list will be soon issued only once or twice a month, and then with addresses of victims.

Acting Secretary of War Crowell is known to incline in favor of that plan. He and Gen. March will consult soon over President Wilson's suggestion to put the casualty list situation, relative to changing the present daily system of names without addresses.

It is said the bi-monthly issuances with addresses would not furnish the Germans with any information as to the identity of the units.

At present, military men hold that the addresses tend to aid the enemy if printed.

The suggestions made by the president have been concealed thus far. It is understood he does not make specific recommendations as to what changes should be made, but favors an alteration of the present plan.

## FAVORS THE TRENCHES.

American Soldier Disgusted with His Work as Rear Sentry.

With the American Army in France, March 15 (Correspondence of the Associated Press).—Here's an incident that happened in a little shell-spattered town in the rear of our lines which shows how the average American soldier feels about life in the trenches. It was just a lone sentry was walking up and down in front of an abandoned church, upon the door of which was a little printed sign conveying the information that in the event of a gas alarm the church bell should be rung for a minute. It was the sentry's duty to pull at the bell rope, should occasion arise.

He was plastered with mud from head to foot. A substance not unlike red mortar was ground into his putties. There was a dent in the canteen swung at his waist, the top of his shrapnel helmet bore red, muddy stains; his face was covered with a growth of about three days of hair.

Failing to see a passing captain of artillery, he did not salute. The captain asked him a few pointed questions, gave him a few pointed instructions about saluting and passed on.

"Good Lord," remarked the sentry, "I have been out of the trenches at night now and I am going back to-night perfectly happy. There used to be a time when I thought a trench was about the last place on earth to spend a week or so. But I have changed my mind. There is that officer, for instance. I ran into him up on the line not long ago and he was nice as could be. Now because I did not see him I catch it."

"Yes, sir, give me the trenches every time. I like 'em. I would rather be in a front line trench than any other place I know of in France. There is something doing there all the time and a man is a man and knows it."

"Next time we are relieved I think I shall ask if I can't stay with the relief. I don't want to come back here again and stand guard over the end of a bell rope where there is nothing going on. Nearly every other man I know feels the same way about it. They would pick the line every time."

## 20,000 CASUALTIES IN BATTLE IN TURKESTAN

Soviets and Natives Reported to Have Fought Most Sanguinary Engagements.

London, March 16.—Fierce battles between Soviet adherents and natives have occurred in Turkestan, according to an Exchange Telegraph despatch from Petrograd, under Wednesday's date. More than 20,000 casualties are reported to have resulted.

## GRUMBLED IN OLD TIMES.

Our Grandmothers and Their Mothers Found Fault with Prices.

Detroit, Mich., March 16.—Housewives who have protested against the prices they pay for food these days, may realize some consolation from the fact that their grandmothers and their grandmothers' mothers also did that same thing on more than one occasion.

Two-dollar wheat in Michigan is not by any means a 20th century innovation. Neither is \$15 flour, nor is \$2 corn. A hundred years ago some foodstuffs cost more in Detroit than they do now; 50 years ago prices also were meteoric in fact every generation since the dawn of the 19th century has felt the pinch of high prices. But the result has always been the same. The cost of living flashed skyward with a whizz and eventually crashed earthward with a bang.

Starting comparisons with present day prices for food were shown in the market reports of June, 1817. Here are some of the quotations: Flour, per barrel, \$11 to \$12. Pork, \$26 to \$30 a barrel. Wheat, \$2 a bushel; corn, \$2; oats, \$1. Potatoes, \$1.25 a bushel. Butter, 31 cents a pound; eggs, 37 cents a dozen.

Much has been written about the sensational price fluctuations during the Civil war. For short spaces of time during the late sixties prices were sky high. In the spring of 1867 wheat was quoted at \$2.95. Winter brought war prices. Coal cost \$13 a ton, more than it has in Detroit this year.

From that time until 25 years ago, the trend of prices usually was downward. In February, 1893, flour sold at \$3.35 per barrel.

## COBLENZ DAMAGED BY BRITISH RAIDERS

Two Munitions Factories Were Set on Fire and Firemen Had Hard Time Coping with the Flames.

London, Wednesday, March 13.—Monday's raid on Coblenz, a town of 100,000 inhabitants in that city, according to German reports, says the Exchange Telegraph correspondent at Amsterdam, two munitions factories were burning, he states, and vast quantities of explosives were continually going off, rendering the efforts of the firemen to extinguish the flames unavailing.

On the other hand, Reuters' Amsterdam correspondent quotes the Cologne Gazette as saying that the bombs dropped by hostile airmen caused only slight material damage, none of which was military. Two women were killed and 20 persons injured.

The raid on Coblenz was officially reported by London on March 12 to have dropped a ton of bombs on this city of nearly 50,000 population, attacking factories, stations and barracks.

Amsterdam, Wednesday, March 13.—The French assertion that works were hit and fires caused in an air raid upon Mainz Saturday has been denied in the Hessian Parliament by Herr Adeling, a Socialist member. The member stated, however, that 10 persons had been killed and material damage done in the city.

## BRITISH RAID BULGARS.

Several Sallies Made Against Trenches in the Struma Valley.

Paris, March 16.—Regarding operations in Macedonia, the official statement of the British command in the Balkans states: "Eastern theatre March 9: 'In the Struma valley the British troops successfully carried out several raids against the Bulgarian lines. At the Cerna bend, after violent artillery preparations, an enemy detachment attempted to attack north of Orchevo, but was repulsed. The artillery was active on the right bank of the Vardar and northeast of Monastir March 13, bombing raids were carried out by allied aviators against the railway line between Seres and Drama, on enemy depots in the Vardar valley and against the railway station at Berani, north of Monastir.'

"Good Lord," remarked the sentry, "I have been out of the trenches at night now and I am going back to-night perfectly happy. There used to be a time when I thought a trench was about the last place on earth to spend a week or so. But I have changed my mind. There is that officer, for instance. ## CALLS Y. M. C. A. BUILDING BOND OF FELLOWSHIP

Lord Mayor of Liverpool So Declared in Formal Opening of American Structure at Liverpool Recently.

Liverpool, March 16.—(Correspondence of the Associated Press).—"This building is a symbol of the close bond of fellowship that exists between the peoples of the English-speaking race," said the lord mayor of Liverpool in opening this week the new "Stars and Stripes Hut" of the American Young Men's Christian association. The new clubhouse, situated in Lord street, is both commodious in size and admirably equipped. The funds for its erection were provided by both British and American residents.

"Liverpool has been very happy," said the lord mayor, "to have been host to so many American soldiers during the past few months. Through this clubhouse we hope henceforth to be able to show our feelings toward these temporary visitors a little more adequately than heretofore."

"When the United States decided to throw her lot into the war, the entire world was filled with joy, and nowhere, I think was this feeling so abounding as in Liverpool. It was not merely friendship, however, nor was it merely because of America's immeasurable wealth and resources that we welcomed her. It was rather that for three years she had been in the position of an impartial jury in this conflict, and now she had given her verdict, uninfluenced by pressure in favor of the cause for which we had been fighting."

R. W. Ewing, general secretary of the Young Men's Christian association responded. "I beg leave to express to you people of Liverpool, on behalf of all my countrymen of the United States, our gratitude for the kindly reception which you have given to the American troops on their arrival in England. We almost feel that you have been too generous for Americans, above all, do not expect that their young men shall have anything more than the young men of the other allied forces are getting. We want to take our share, not only in the fighting but in all the sufferings and privations which war inevitably entails."

We trust that the comradeship and good fellowship which the war has awakened will bring us, cousin nations, closer together for all time.

"The clubhouse which you are opening for us to-day, will aim to deepen in the soldiers who visit it, their self-reliance and self-reliance, so that they may be able to face temptations and difficulties which are bound to come."
